

How to Create a Presentation

1. Open Google Slides or Microsoft PowerPoint.
2. Create a title page about the topic of your presentation.
3. Choose the **standard “I can” statement** that relates to your topic and include it in your presentation or in the description of your presentation.

For example:

- 4.NBT.1: **I can** add and subtract whole numbers (4th Grade Standard, Numbers in Base Ten Skill).*
4. Create slides providing facts, details and/or examples about the topic of your **original work**.
5. Optional: As a bonus, you may even create question and answer slides.
6. You may include original pictures, models, photographs or clipart.
7. Make sure you double check your work and have your teacher double check your work to ensure it is correct.
8. Include citations if needed.
9. Save the document.
10. Share!

*Standards can be found at the link below:
